

Synthesis Gallery, the first VR art gallery, is thrilled to announce its first exhibition season:

## ***'BRUTEFORCE' by A/A***

**January 10th - January 13th, 2019**

**Synthesis Gallery is pleased to announce its first exhibition for the upcoming 2019 season: 'BRUTEFORCE' by A/A.**

Curated by George Vitale, the exhibition will premiere a mix of sculptures and a VR artwork ('AA\_Infernal', exclusively produced for the show at Synthesis), addressing movement and ephemerality and the phase transitions in materials.

**Andreas Greiner** (b. 1979, Aachen) and **Armin Keplinger** (b. 1982, Linz) have collaborated since 2011 as the artist duo **A/A**. At the core of their artistic practice is the exploration of time-based media: the artists have consistently focused on the transitional moment of materials as they change state of aggregation to a solid, liquid or aerially one. During recent years, Greiner & Keplinger have increasingly focused their artistic practice on the intersection of the analogue with the virtual space, with special emphasis on Virtual Reality. Their works have been

exhibited most recently at Berlinische Galerie, Berlin (DE), Transmediale, Berlin (DE), Schinkel Pavillion, Berlin (DE), Saatchi Gallery, London (GB), Art Center Nabi, Seoul (SK), Meetfactory, Prague (CZ), Hessel Museum of Art, New York (US), Moscow International Biennale for Young Art, Moscow (RU).

**Synthesis Gallery** is an immersive blend of technology and art displayed under one roof, showcasing cutting-edge experiences by new wave artists and visionaries through virtual reality. We are a space to experience and experiment with the state between dream and reality. Pieces are displayed through different media. Tangible and traditional artforms intermingle with Oculus and Hive headsets. Submerge into the uncharted. Focus on the abstract. Reevaluate reality.
